

BRANCH 2, ERIE

By Lee Wolfe

Our regular meeting was held on Sunday, September 15, 2019 at 2:30 p.m. We recited the Pledge of Allegiance. We held a moment of silence for deceased members: Jerome Di Leva, Evelyn Holdsworth, William Reed, and Jeanne Abbott. Included in our prayers is Hildy Borgia who is in the hospital. Sometimes I think the Lord gave us memory so we can visit with our loved ones even if it is only in our thoughts.

It does not seem possible but it is that time to start reminding you to pay your Erie Branch 2 dues of \$6.00. You may bring your payment to a meeting or mail it to Liz Manning, 3909 Schaper Avenue, Apt. #203, Erie, PA., 16508-3355. Please make your check out to Erie Branch 2 Thank You.

OUR NEXT MEETING will be our Dinner/Business which will be held on Sunday, October 20th at 2:30 p.m. The menu will be Salad, Beef Tips and Noodles, rolls, Coffee, and Dessert. The members will be given a ticket for a free drink at the bar. There will be NO CHARGE to Branch 2 members. Non-members fee is \$8.00. Please make your reservation for the dinner with Val Pinczewski at 898-0494. Make your call as soon as possible so Val has time to place the order with

the club.

We hope a lot of you members take advantage of the free drink and meal. You might make new friends and you will find our meetings do not take long. Plus, we are an amiable group, no bickering, or squabbling and the meetings are short and to the point.

We received two nice letters for our Charitable Donations. One from the City Mission and the other from the Shrine Hospital for Children.

Here's a joke I heard: Scientists had a meeting with God and they said, "Lord, we Scientists have learned and now we know how to create life, so we don't need you anymore". The Lord says "really, well tell me how you do it". The Scientists said "well, first we scoop up a pile of dirt." The Lord interrupts and says "get your own dirt".

Happy Birthday to some of our October babies: Sebastian Iavarone, Helen Frontino, Erica Kaiser, Brady Sieber, Owen Gavio, Merle E. Wood, and Kyle Van Demerwe.

Happy Anniversary to Larry and Sue Kulik, James and Helen Nelson, and Harvey and Virginia Hess.

Your reporter has reached 90 years old (yikes) so if there are any goofs or mistakes in this column, blame it on her age.

Take care everybody and enjoy the beautiful colors of Autumn.

October 21, Monday, Noon

Our meetings are the Third (3rd) Monday of the month. Perhaps you have not been to a Saxon Club event in quite a while. Maybe you used to attend activities, or perhaps you attended activities with your parents and even grand parents. Recently, while not under the most pleasant circumstances, we have talked with many of you at funerals for loved ones and friends, about memories of a special Saxon Club event(s). Come share those memories at our next Luncheon. We hope to renew those memories with you and possibly create new memories through becoming involved with the Saxon Club.

Remember to bring a canned good item or other food item that will not need to be preserved to our next meeting.

PRESIDENT'S MESSAGE

By Joan Miller-Malue
ATS Nat'l President

On Saturday, September 28, the ATS Cultural Promotion Committee traveled to Salem, Ohio to meet with Salem's Heimattag Planning Committee to prepare for the 2020 Saxon Heimattag that will be held at the Salem Saxon Club the weekend of July 10 – 12. We will be working with our Salem members to bring to our Canadian and USA Saxons a weekend showcasing our Saxon heritage. We will welcome a special guest group from Traun, Austria that will be visiting the USA and Canada as part of the Federation of Transylvanian Saxons' Cultural Exchange Program. More detailed information will be forthcoming in 2020. For now, mark your calendars and plan to attend the 2020 Heimattag celebration in Salem, Ohio.

I received correspondence from Chairman Martin Bottesch and Managing Director Winfried Ziegler of the Demokratisches Forum der Deutschen in Siebenbürgen announcing that plans are being made for another huge Sachsentreffen in Hermannstadt on August 6 – 8, 2021. They are expecting around 10,000 participants for this celebration and are hoping that many of our ATS members in the USA will attend to enjoy the festivities. The ATS certainly will be offering a chartered trip for our members. The Forum's 2020 Sachsentreffen will be held on September 19 in Großau.

On Sunday, September 29, the TSBA had its first bowling session for the 2019-20 season at Rebman Lanes in Lorain. It was enlightening to welcome several new bowlers this year and it sure was great to see everyone after the summer to share in a day of Gemütlichkeit. Luckily for me, you do not need to be a good bowler—the TSBA is all about having fun! This first session I had the encouragement of Fred Krestel from Cleveland East that was bowling one strike after another and Jerry Arthur, a good bowler from New Castle, trying to show me how to make those strikes! And then I was thankful for my dear friend Dr. Dan Both, Sr. for sharing a bit of his "medicine" which always gives a person a bit of a boost! We thank the Lorain Bowlers for their fine hospitality.

A reminder to all ATS members bowling in the Open-Bowling Tournament this weekend, that the ATS will donate \$1 to St. Jude's Research Hospital for every strike you make during the tournament. So besides having an awesome time bowling, you have a chance to help treat and defeat childhood cancer and other life-threatening diseases.

Every day we read of the condition of our economy and how the Federal Reserve takes steps to help keep the economy strong. So, what does it mean when the Fed cuts interest rates to consumers and to the ATS? To consumers lower rates usually translates into lower loan payments. A car loan, mortgage or a credit card may charge less interest. For savers, it is not so beneficial

since a bank CD or money market accounts will probably earn less interest. The goal of the cut, is to make borrowing less costly for consumers and businesses, encouraging spending and bolstering the economy. The ATS being a non-profit insurance company only purchases investment grade bonds. Most bonds base their rate on the ten-year treasury rate which is currently around 2%, so the yields on current US Treasury, corporate or industrial bonds are now running 3 - 5%. ATS members are earning the top current rate of 3.00% and the older contracts are paying 4.50%. Over the past decade, since the great recession of 2008-09, interest rates have remained low. No matter how low the Fed rate was in the past, the ATS current interest rate on annuities was never below 2.25%. The importance of this fact is that while others took advantage of paying out lower rates, the ATS continued to reward our

members with the best possible rate we could pay. We want our members to know that we have a quality organization that focuses on always doing the best for our members; continue to buy quality investments that will work the best for us in the long run and offer simple products that are safe, dependable and have a strong guarantee. We have been around since 1902 and staying focused as we have in the past, we will be here to serve you and your family for another century plus. The ATS Board of Directors and Home Office are dedicated to establish and follow a strategic plan that will assure financial security to our fraternal family. We ask for your help in recommending potential members that will strengthen your Local Branch as well as our National organization. The ATS has a special incentive

going until December 1st that a Local Branch will receive \$50 for each new ATS member. Contact your Local Deputy or the Home Office to recommend new members.

Transylvanian Saxon Trivia: It is Fall and it is time for harvesting of the grapes for our winemakers. I remember as a child my father and grandfather would prepare the oak barrel in the basement and gather various variety of grapes for preparation of their annual winemaking. I still have a small wine glass that my Grandpa Henning gave me that I used to have a small sip of wine before bed. He (and our family doctor) said it was beneficial to build up my red blood cells. This must be why I enjoy wine today. Viticulture was an ancient occupation in Transylvania, going back to the times of the Dacians. But the Transylvanian Saxons settlers in the XII century are recognized to have enhanced the development of wine production in the area by their bringing in new techniques and new types of grapes. It was the Saxons who first introduced noble grape varieties and improved the processes involved in the actual production and preservation of wines. Today in Transylvania the most renowned wines are produced by vineyards clustered around several areas that have a long-standing tradition in wine-making such as Karlsburg, Mühlbach, Blasendorf and Mediasch in the south and in northern Transylvania the villages of Botsch and Lechnitz. From the Roman poet, Horace: "Wine brings to light the hidden secrets of the soul, gives being to our hopes, bids the coward flight, drives dull care away and teaches new means for the accomplishment of our wishes."

Ich wünsche allen einen schönen Tag.

#### Romanians Excelling

Romanians excel in sports, industry, fashion, arts and so many other areas. Anastasia Soare is an example of someone that immigrated to the United States and became an unbelievable success. We celebrate the success, ingenuity and determination of Romanians that have excelled in the past and continue to impact the world today.

Romanian businesswoman on Forbes' list of wealthiest self-made women in U.S.

Romanian-born businesswoman Anastasia Soare, the CEO and founder of beauty company Anastasia Beverly Hills, is at number 21 in Forbes' 2019 ranking of the wealthiest self-made women in the U.S. She has a fortune of USD 1.2 billion. Soare, who, according to Forbes,

Soare

has made a fortune shaping and filling the eyebrows of the rich and famous, is better ranked than famous personalities such as Kylie Jenner (ranked 23rd with a fortune of USD 1 billion), Rihanna (37th, USD 600 million), and Madonna (39th, USD 570 million), Ziarul Financiar reported. Diane Hendricks, who chairs ABC Supply, one of the largest wholesale distributors of roofing, siding and windows in America, tops the list with a fortune of USD 7 billion. Anastasia Soare, 61, was born in Constanta, Romania and immigrated to Los Angeles in 1989. She got a job in a beauty salon and, three years later, opened her own business. Then, in 2000, she launched a line of eyebrow products under the name Anastasia Beverly Hills, according to Forbes' presentation. Today, the company sells more than

480 products in over 3,000 stores, its revenues being estimated at more than USD 375 million.

#### HUMOR

Jack, a handsome man, walked into a sports bar around 10:58pm. He sat down next to this blonde at the bar and stared up at the TV as the 11:00pm news came on. The news crew was covering a story of a man on a ledge of a tall building, preparing to jump.

The blonde looked at Jack and said, "Do you think he'll jump?"

Jack says, "You know what, I bet he will." The blonde replied, "Well, I bet he won't." Jack placed \$30 on the bar and said, "You're on!"

Just as the blonde paled her money on the bar, the man did a swan dive off the building. The blonde was very upset and handed her \$30 to Jack, saying, "Fair's fair, here's your money."

Jack replied, "I can't take your money, I saw this earlier on the 6 o'clock news and knew he would jump."

The blonde replies, "I did too; but I didn't think he'd do it again."

Jack took the money.

## Green Living Tip

Rather than decorating with plastic fake ghosts, spiders, and bats this Halloween, green your decorating with natural and recycled materials.

Use pumpkins, gourds, leaves, and pinecones to lend a festival air to your home.

Use old handkerchiefs to make a set of ghosts.

Punch holes in old cans to make a set of luminaries, and wrap up dolls with strips of torn sheets to make small mummies.

## The hidden benefits of chewing gum

Let's get this out of the way: Chewing gum in public or on the telephone is rude. Really rude. Don't do it.

But in private? Well there might be some benefits, especially if you choose sugar-free gum.

A new study shows that chewing gum can help people stay focused longer on tasks that require steady monitoring. It can also improve concentration in visual memory tasks.

## SALEM RETIREES By Norma C. Byers

21 Members of Salem Saxon Retirees met on October 2, and were lucky to see perfect weather and the colorful leaves beginning to cover our green grass (or brown).

Our President, Lois Whittacre hit the gavel and Tony Rothbrust gave the invocation followed by the Pledge of Allegiance to our beautiful flag.

We were directed in what order we were to go to buffet. As usual, our ladies gave us a very good lunch of Brats, potato salad, noodles with cabbage and delicious dessert with whipped cream. YUM!

Marianne Vogt fell and broke her hip. We all pray for her and hope she gets to feeling better soon.

There were no anniversaries but we had 2 birthdays. Dorothy Hutmacher, October 8<sup>th</sup>, and Michael Bruckner, October 27. We all sang Happy Birthday!!!

We are sorry to report two deaths - Marie Cook and Mary Kachner. Our prayers and sympathies go to their families. We held a moment of silence for our two friends.

Our Vice President, Dora Lee, held the 50/50 and Nancy Stumperth won. Congrats! Don't forget, the Heimattag is coming in 2020 and will be held here in Salem - that will be a fun time. Helen Aeling gave us a humorous reading (as usual) and it ended as a "Sometime's instead of Alztime's"!

We concluded by saying The Lord's Prayer. Next BINGO! Gloria Judy walked off with 3 games. Congrats! And thanks for being a winner from our table. Toodle-oo until November 6<sup>th</sup>, the month of Thanksgiving - when we can all be thankful for our loved ones and friends and God Bless America!

study, published in the British Journal of Psychology, found that gum chewers had quicker reaction times, more accurate results, and longer concentration.

In 2009, researchers found that gum increased blood flow to the brain, which may be the reason for increased alertness in gum chewers

Sugary gum is bad for the teeth, but sugar-free varieties can help limit plaque buildup and clean teeth, if you absolutely can't brush, researchers said.

## SECOND ANNUAL SAXON FISHING TRIP

Just a short note on the recent 2nd Saxon Fishing trip.

Although we caught no fish for eating everyone had a wonderful time. Those catfish really put up a fight.

Below are a few pix of our trip.

We met in the Ballroom Annex this month ... back in the regular routine. It's always good to see everyone after a month's absence.

Diana called the meeting to order. We began with the Pledge of Allegiance, were in good voice to sing our song to America and recited a prayer before lunch.

The meeting began with a humorous tale. Betty Garhammer is our guest today. It is always good to see Betty. She has graced our meeting before and we hope she makes it permanent. Diana related to all that John Bacani was returning not only to the Club but as the head cook. We are pleased! He was gone too long.

The financial report and the August minutes were read by Ro. She also suggested to the members who hadn't voted recently that they check with the Election Board to see if they are still registered in the event they intend to vote in the state, city and country elections.

The hostesses were Marge T. and Carolyn. They chose Swiss Steak, Mashed Potatoes, Mixed veggies and ice Cream with sauce for dessert. Ku-

dos to the hostesses and the lunch. During lunch Kay and Dom sold the 50/50 chances. Winners were Susan, Lisa and Hermine. Birthday gal was Eileen. Marge and Mike are celebrating 55 years of wedded bliss. Tillie and Jim are still on the sick list.

Hostesses for October will be Diana and Betty Garhammer (that is one way to get her back). The menu will be Breaded Pork Chops, scalloped Potatoes, Peas and carrots, salad and Dessert. Sounds too good to miss.

Thanks to all who brought the school supplies. They will be very much appreciated by those in need.

The next Retirees meeting will be Thursday, October 10<sup>th</sup>. Come in at 11:30 to visit. Lunch will be at 12:00. John will be the cook. Anyone not registered to attend the meeting or not be able to come please call Diana at 330.799.1738 or Betty at 330.788.4274.

Here's hoping to see everyone. Anyone whose chore is to rake the leaves please be careful. Take it easy and take breaks that include drinking water or the liquid of choice.

Till we meet again, as usual it's RO.

**October invention  
The tuxedo: A brief  
but convoluted history**

Whether you remember renting one for prom or a wedding, you likely associate a tuxedo with formal or semi-formal occasions. But have you ever wondered how the tuxedo landed in the annals of formalwear?

Perhaps surprisingly, it didn't start out formal at all. As legend has it, the tuxedo is a creation born of lopping the tailcoats off of formalwear to create a shorter and more casual dinner jacket.

But who wore it first? The most popular version credits Griswold Lorillard, son of Tuxedo Park developer Pierre Lorillard IV, when the younger Griswold debuted the tailless dress coat and scarlet satin vest at a gala in October 1886. Griswold was apparently frustrated that his tails were getting in the way of dancing and sitting, according to The Wall Street Journal.

A Tuxedo Park historian credits James Brown Potter, co-founder of the Tuxedo Park club, as encountering the style during a visit with the Prince of Wales on a trip to England in 1865. However, records from Henry Poole & Co., the store where he supposedly commissioned the garment, are missing during the key time period and don't specify what, exactly, Potter purchased.

Also missing from historical accounts: how and when the coat, commonly referred to as a dinner jacket, started to be referred to as a tuxedo.

Regardless, Tuxedo Park this year celebrates the 133rd anniversary of the garment. Oct. 10 has become an official-unofficial anniversary.

**Magic -- high tech and low tech -- still amazes**

All things creepy and mystical abound in October, including things magical, and, increasingly, tech magic.

Magic has always followed the culture. It changes with the culture, but also stays the same.

According to illusionist and endurance artist David Blaine, the first card trick to be recorded in 1478 would likely fool you today. Depends on the skill of the performer, of course, and the willingness of the audience to be amazed.

Magic has always involved technology. A 17th century German priest secretly used a lantern to create ghosts for his watchers, Blaine wrote in The Economist. It was very high tech then, since no one really expected a lantern to project images. Today we call it a slide projector, and it probably wouldn't fool many.

Illusionist Jean Eugene Robert-Houdin (Harry Houdini named himself after him) in 1856 used electromagnetism, then little known, to make it seem

that, through his own will power, he could prevent a strong man from picking up a small iron box.

Today, you'll see iPads pour beer. Cell phones that magically text messages. Even phones that magically ring on cue. These days magicians can predict Tweets or pull a napkin clear through a cell phone.

At the heart of technology magic is the conviction that what appears to happen can't happen. Can't be done.

What's going on? The wily illusionist still shocks and amazes with time-tested skills and spells -- that's what. Today, if you want to be amazed, there is a lot of magic out there, both old and new. And, really, who cares how it's done? It's still cool to be amazed.

Either way, it could be time to dust off the found-a-quarter-behind-your-ear trick for October. It's still the perfect trick for kids and, after all, Oct. 31 is National Magic Day, which coincides with Harry Houdini's death.
